

The Center for Natural Land Management's

Earth Day Restoration Celebration

Center for Natural
Lands Management

WHEN:

Monday, April 22

9:00 AM—3:00 PM

WHERE:

**Glacial Heritage Preserve
South Thurston County**

**Contact us at
ssvolunteers@cnlm.org
for directions**

Spend a day, the restoration way for Earth Day 2019!

Come celebrate Earth Day with us at Glacial Heritage Preserve. Together we will make a difference on the prairies by pulling Scotch broom, a family-friendly activity perfect for a spring day.

Pack a lunch and water. Come join the fun!

Learn more about our work at southsoundprairies.org

Center for Natural Lands Management is a private, nonprofit organization dedicated to the protection and restoration of imperiled species and their habitats in the states of Washington and California. Founded in 1990 and inspired by the need for more rigorous perpetual funding and science-based stewardship models for endangered species protection, we now care for more than 70 preserves, protecting and restoring the sensitive and imperiled flora and fauna species and their habitats in perpetuity. We are an accredited land trust by the Land Trust Accreditation Commission, reflecting CNLM's commitment to rigorous conservation business practices.
